

PSI-REP... repeaters, converters and PSM-ME... isolators

	Interface repeaters	Bus segment couplers	Interface isolators	Converters from RS-232 to...
System				
Description	RS-485  Repeaters, for electrical isolation and increased range	Profibus PA  Bus segment couplers, for Foundation Fieldbus and Profibus PA	RS-232 RS-232 Interface isolators, for electrical isolation	TTY (CL) RS-422 RS-485 Interface converters, to convert from RS-232 (V.24) to ...

PSI-MOS... fiber optics converters

	FO converters	FO converters	FO converters	FO converters
System				
Description	MODBUS / RS-485 2-wire  FO converters for Profibus up to 12 Mbps termination devices and T-couplers	RS-422 FO converters for RS-485 2-wire systems, termination devices and T-couplers	RS-422 FO converters for RS-422, RS 485 4-wire, termination devices and T-couplers	INTERBUS FO converters for INTERBUS, termination devices and T-couplers

PSI-Modem Line

	Analog modem	GSM modem	SMS relay	MPI programming set
System				
Description	V.34 (analog) Ethernet / USB / RS-232 Analog V.34 modem, for dial-up and permanent line operation	GSM Ethernet / RS-232 GSM / GPRS modem, with RS-232 or Ethernet interface	GSM I/O GSM - / SMS relay, with 6 analog/digital inputs, 4 digital outputs	V.34 (analog) MPI Modem set, for programming access to S7 MPI interfaces

Accessories

	SUBCON quick connection connectors	Connection distributors	Patch field	
System				
Description	RS-232 RS-422  D-SUB quick connection connectors for INTERBUS, RS-232, RS-422	CANopen  D-SUB quick connection connectors for Profibus, CAN, RS-485	RS-485 Passive connection distributors RS-485-T distributors	Ethernet  FL CAT 5 terminal box passive connection field as per CAT 5e
