

INTERFACE Relay

Product overview

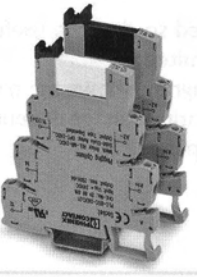

PR series				
				
Description	PR1 for miniature relays or solid-state relays	PR2 for industrial relays	PR3 for octal relays	Accessories
Page	52	58	62	53
Description				
Page				

DEK series				
				
Description	With miniature relay	With solid-state relay	Actuator series with miniature relay	Sensor series with miniature relay
Page	117	120	119	119

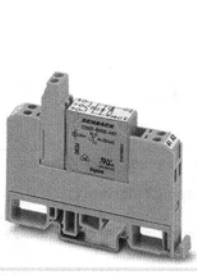

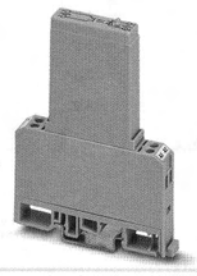

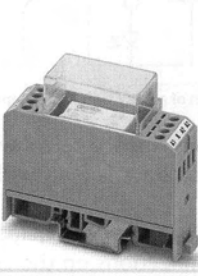

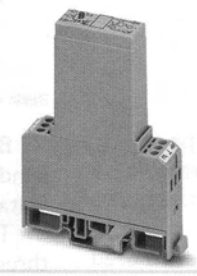

Special relay and solid-state relay modules				
				
Description	Relay terminal blocks with switch	Interference-free relays and solid-state relays	Relays for switching of lamp loads	Power solid-state relay with 400 V AC / 400 V AC / 3 A output
Page	133	134	137	138

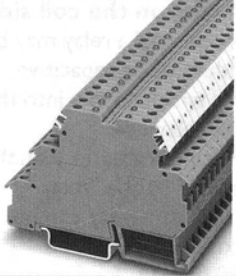

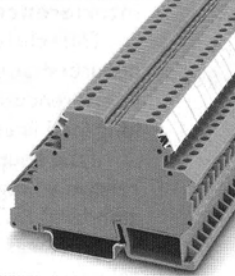

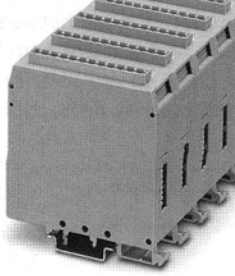

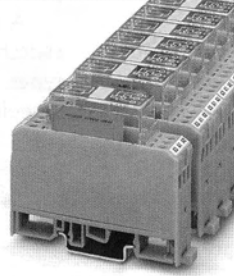

Power electronics				
				
Description	Electronic motor management	PROFIBUS gateway for IFS	Electronic reversing load relay with motor management	Three-phase solid-state reversing contactors
Page	150	152	160	164

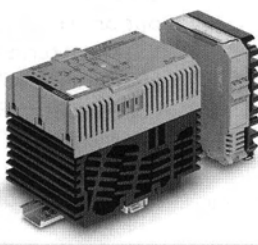

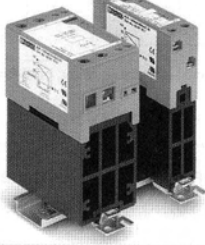

PLC series

			
With relay/solid-state relay	For high inrush/continuous currents	For railway applications	Electronic types
76	86	107	113
As sensor/actuator version	Against interference currents/voltages	For NAMUR initiators	With switch
80	88	112	100

EMG series

			
With miniature relay	With solid-state relay	Hybrid relay	With TTL input
123	128	126	131

			
For NAMUR proximity sensors	Inverter module	Pulse expansion module	Module with remanence miniature switching relay
142	143	144	145

		
Solid-state reversing contactor for DC motors	Three-phase solid-state contactors	Single-phase solid-state contactors
169	170	174
